

NOTICE ON RELATED-PARTY TRANSACTIONS

São Paulo, September 2, 2024 - Braskem S.A. ("Braskem"), in compliance with article 33, XXXII of CVM Resolution 80/2022, hereby informs its shareholders and the market in general of the following transaction between related parties:

Parties	Braskem and Petróleo Brasileiro S.A. – Petrobras ("Petrobras").
Relationship with the issuer	Petrobras is a Shareholder with Significant Influence over Braskem.
Purpose	Spot purchase and sale agreement of polymer-grade propylene from the Alberto Pasqualini Refinery ("REFAP") between Braskem, as seller, and Petrobras, as buyer, which achieved the new amount of R\$50 million on August 22, 2024.
Key Terms and Conditions	On January 7, 2022, the signing of 5 propylene agreements between Petrobras and Braskem regarding (i) Planalto de Paulínia Refinery (REPLAN), (ii) Henrique Lage Refinery (REVAP), (iii) Presidente Getúlio Vargas Refinery (REPAR), (iv) Capuava Refinery (RECAP) and (v) Duque de Caxias Refinery (REDUC) were announced through Notice on Related Party Transactions.
	In these contracts, there are clauses that provide flexibility for negotiating prices and reallocating quantities between contracts signed between the parties.
	On June 15, 2023, the first spot contract of purchase by Braskem and sale by Petrobras of propylene polymer grade from REFAP was signed, which was the object of a Notice on Related Party Transactions on September 26, 2023.
	On September 29, 2023, the second spot contract of purchase by Braskem and sale by Petrobras of propylene polymer grade from REFAP was signed "(Second REFAP Contract"), which was the object of a Notice on Related Party Transactions on November 13, 2023.
	Later, propylene volumes from the purchase and sale contract of propylene polymer grade from REPAR by Braskem and Petrobras ("REPAR Contract") were reallocated to the Second REFAP Contract, which was the object of a Notice on Transaction with Related Parties on December 18, 2023.
	On February 9, 2024, the third spot contract for the propylene polymer grade purchase by Braskem and sale by Petrobras from REFAP ("Third REFAP Contract") was signed, with effective date from February 9, 2024, until Mach 31, 2024, which were postponed until April 30, 2024,

and subsequently until June 30, 2024. The Third REFAP Contract initially contemplated a sale of polymer-grade propylene estimated at 285 tons. Propylene volumes from the REPAR Contract were reallocated to the Third REFAP Contract, reaching the new amount of R\$50 million on March 28, 2024, which was the object of a Notice on Transaction with Related Parties on April 9, 2024. The Third REFAP Contract reached a new amount of R\$50 million on June 27, 2024, which was the object of a Notice on Transaction with Related Parties on July 8, 2024. On July 1, 2024, the Fourth Contract for spot purchase by Braskem and sale by Petrobras of polymer grade propylene from REFAP was signed, effective until August 31, 2024 and includes a volume of propylene of 300 tons. Additionally, quantities of propylene from REPAR were reallocated, resulting in a new amount of R\$50 million, as detailed below: Transaction Approximate Total Value Volume (t) Date (R\$ million) 08/22/2024 8,778.7 51.2 Net accumulated amount of the Fourth REFAP Contract until 08/22/2024: R\$51.2 million, of which R\$1.7 million are specific to the Third REFAP Contract and R\$ 49.5 million from the reallocation of resources available in the REPAR Contract. The prices charged are based on international reference prices for propylene polymer grade. Agreement signed on July 2, 2024, valid until August 31, 2024, which Date of signing of the Amendment achieved the new amount of R\$50 million on August 22, 2024. Possible participation of the partners, counterparty, its The counterparty and its partners and managers have not participated managers in the issuer's decisionin Braskem's decision process or the negotiations of the mentioned making process or negotiation of the agreements. transaction as representatives of the issuer

Detailed justification of the reasons why the issuer's management considers that the transaction has complied with commutative conditions or provides for an appropriate reverse payment

The transaction was made regarding the purchase of propylene referenced in international prices.
